See note below.

George has a good point and i will be out of the office some of the time.

I do not have an extra hard copy of the application but i can put the rest of the materials in the EPA library - should I do that and modify the public notice to say that?

Michele, you might be out of office, you might consider posting a copy at the Reg 9 Library and including that in the Pub. Notice. I am sure the R9WebTeam will provide you with the specific web location of the actual permit and notice?

It looks good.

George
